Ultimate Diver Challenge Regional Competition

Dutch Springs
October 20-21, 2007

Do you have dive skills, control and efficiency that can assist your team at earning the title of "The Ultimate Diver Team?"

*Buoyancy - Navigation - Diver Rescue - Search - Recovery - Dive Planning
Equipment Repair - Fish Identification - Underwater Mapping - and more!*

Regional challenges will allow divers to experience the types of skills and knowledge you will need when your team competes for the title of the Ultimate Diver Challenge – Cozumel in 2008. In addition to taking a sneak peak at the kinds of challenges your team will face, video shots of the day may be used as part of the pilot film that will be shown potentially on a national network.

Bring a buddy or meet one here – challenges require two divers per team, and are designed for divers of all skill and ability levels! Singles are welcome to join us and we'll pair you up with a buddy for the event!

Everyone who competes in the Dutch Springs Regional Challenge can win prizes donated by our sponsors ScubaGearPlus and Olympus. Current Prizes: a Scubapro Knighthawk BCD, Atomic B2 Regulator, and more.

As a bonus, regional participants that join us in Cozumel in 2008 for the International Ultimate Diver Challenge will be entered in an exclusive drawing for additional prizes including free trips and lots of scuba gear and products.

ENTRANCE FEE to DUTCH SPRINGS is \$26.00 for the day.
Pre-Register by October 13th for \$2.00 off entrance fee.
